

# Laser Cleaning Machines (Manual Cleaning Models)

## Continuous Cleaning Series

Laser power: 1.5-3kW

Net weight: 190-235kg

- ✓ Continuous laser, faster in cleaning speed and fit for large-scale cleaning
- ✓ Contactless cleaning mode, without harm to substrate
- ✓ Highly-integrated structure, for small occupied area and easy to move
- ✓ Only power on, no extra consumables, needing much less costs
- ✓ Reserve I/O interface to interconnect with robots for automatic cleaning

| Model                            | HC                        |
|----------------------------------|---------------------------|
| Laser Emission Mode              | Continuous-wave laser     |
| Laser Power (W)                  | 1.5/2/3                   |
| Laser Wavelength (nm)            | 1080±10                   |
| Machine Cooling                  | Water cooling             |
| Length of Cleaning Gun Cable (m) | 10                        |
| Weight of Cleaning Gun Head (kg) | 0.7                       |
| Net Weight (kg)                  | 190-235                   |
| Overall Dimensions (L*W*H, mm)   | 954*715*980/1210*715*1080 |
